

Claverdon Neighbourhood Plan Steering Team

Following meeting on Monday 25th July 2016 below are the groups NP have split into to write Policy objectives. Team members are encouraged to enlist input from others outside of the NP as they think fit - individuals and groups. The idea here is to be transparent and all inclusive. We welcome other residents of Claverdon to join in with these activities. If you would like join in to please contact John Cronin on email: - john.cronin@mealis.com

The groups need to draft an outline of key areas, thoughts based on evidence and landbased and come back to steering group at next meeting with strawman. We can then discuss further as a larger team and next actions

Remember this is based on the feedback we got from Claverdon Residents answering the questionnaire
